**Federal Correctional Complex, Yazoo City, Mississippi**  
**Request for Administrative Remedy**  
**Attempt at Informal Resolution**

Exhibit "3"

Inmate Name: Landron-Class, Reynaldo  
 Register No: 30575-069 Unit: 6012

**TO BE COMPLETED BY INMATE:**

1. Briefly state your complaint. Include all details and facts which support your request and the date on which the complaint occurred. ----- The DOJ-FBOP, by and through its employees at FCC Yazoo City Complex, (Yazoo City) has dragged its feet as much as possible in the implementation of the First Step Act of 2018 (FSA). It has delayed the additional 7 days of GCT as much as possible, and then assigned its own negligence as a reason to reduce halfway house. It gives NOBODY any FSA "good time credits," and often denies adequate halfway house. Yazoo City denies educational opportunity, obstructs the individual efforts of inmates, places inmates in SHU (Special Housing Unit, or jail for the prison) for attempting or offering to provide educational resources denied by Yazoo City, overcrowds, flagrantly violates Standards and Expected Practices, denies adequate medical/dental care, and otherwise provides grossly substandard correctional services.

2. What actions are you requesting to resolve your complaint? I request that the DOJ-FBOP assign a competent and diligent attorney to promptly prepare and file a motion for reduction of my sentence to time served or otherwise as much as possible, pursuant to 18 USC 3582(c)(1), alleging extraordinary/compelling circumstances, using common facts and also all personal facts revealed by a thorough attorney/client interview and investigation. The request should include all options, including a reduction without conditions, or a reduction that stipulates that some time will nevertheless have to be served on halfway house, home confinement, or additional supervised release. I request a motion alleging the wrongful conduct of FCC Yazoo City Complex, overcrowding/substandard conditions, excessive sentence, exemplary "programming" and rehabilitation, as well as any and all other factors that a competent attorney might ethically raise.

**TO BE COMPLETED BY STAFF:**

3. Indicate below the efforts made to resolve the matter. Be specific, but brief. Include names of staff contacted to attempt resolution. (Use back of this form if necessary.)

*In regards to your complaint requesting to have a competent and diligent attorney promptly prepare and file a motion for reduction of your sentence to time served. ## Part A- INMATE REQUEST

My BP8 is dated 12-24-19. It has been about 40 days since I attempted to document informal resolution. This continuation page is being written on 2-4-2020. It is impossible to know upon what date this document can be formally submitted. I request a motion for reduction of my sentence under 18 USC 3582(C)(1)(A)(i), as explained in the BP8. I request that my sentence be reduced to "time served". A motion under 3582 for that purpose is reasonable and appropriate.

I have repeatedly asked for medical care. I have not been given appropriate medical care for serious medical conditions. Furthermore, I have been denied the most basic accommodations for my medical conditions.

All meritorious reasons should be raised in the motion. I would be happy to assist in setting forth all the facts that I plan to state in my motion, if that would be beneficial. However, to my knowledge this prison has not filed a 3582 motion on behalf of any of it's inmates. If some inmates at this prison complex have in fact gotten a 3582 motion filed by the BOP-DOJ, I'd like to know who and when.

Please record this BP9 on the SENTRY system for management of administrative remedy requests, as soon as possible.

Administrative Remedy No. 795751-A1

Part B - Response

Exhibit "6"

This is in response to your Central Office Administrative Remedy Appeal wherein you allege your health condition continues to deteriorate and, although you were provided cursory examinations in October 2014, no testing has occurred. For relief, you request a consultation with a specialist, to receive proper treatment and to be afforded therapy.

We have reviewed documentation relevant to your appeal which reveals you were evaluated by Orthopedics on August 7, 2009, who recommended an orthopedic firm mattress. Additionally, you were encountered in Pain Management in November 2009 where you requested an orthopedic mattress. You were provided with a platform bed.

Records reflect your platform bed was not renewed in May 2012. In accordance with Bureau of Prisons Program Statement 6010.05, Health Services Administration, the Clinical Director is responsible for oversight of the clinical care provided at the institution. Therefore, while you were previously afforded a platform bed, it is the responsibility of the Clinical Director at your designated facility to determine the clinical appropriateness for a solid frame bed.

Furthermore, records indicate your medical conditions have been continuously monitored, evaluated and treated through chronic care visits and sick call encounters, with adjustments to your plan of care implemented as clinically indicated. We note on October 9, 2014, you were evaluated by your primary care physician at which time you reported your chronic back pain was controlled with medication. During this examination, your prescription for Amitriptyline was renewed and you were encouraged to exercise as tolerated and to lose weight. At this time, a specialist consult is not clinically indicated.

The record reflects you have received medical care and treatment in accordance with evidence based standard of care and within the scope of services of the Federal Bureau of Prisons. You are encouraged to comply with proposed medical treatment so Health Services can continue to provide essential care and to contact medical personnel through routine sick call procedures should your back condition worsen.
